

## Guided Visual Imagery Relaxation: The Beach

*Lay down, or sit comfortably in a quiet room. Use the deep breathing techniques you learnt earlier in this pack, close your eyes and listen to somebody read you the following script. You can also read this script to yourself. You may find it more relaxing to play an audio track of crashing waves on the beach; this can be sourced on YouTube, Spotify, and most other online music platforms.*

You're walking down a long wooden stairway to a big, beautiful beach. It is very quiet and stretches off into the distance as far as you can see. As you look down you notice that the sunlight is reflecting off of the golden sand. You step into the sand, it feels warm so you wriggle your toes. You notice the warmth from the sand between your toes and around your feet. You notice the sounds of the waves crashing and chasing you up the shore, the water sparkles like a diamond as it retreats back. The roaring sound of the waves is so soothing that you can just let go of any worries.

The ocean is a beautiful light blue, with patches of darker sapphire in the deep. As you look at these deep blue areas you notice a small sailboat on the horizon. All of these sights help you to let go of any worries and relax even more.

As you continue walking along the beach, you become aware of the fresh salty sea air. You look up take a slow deep breath in, and breath out. This breath makes you feel refreshed and relaxed. As you look up you notice two seagulls, the wind gusts and they appear to dance in graceful circles above you. It makes you wonder how it would feel if you could fly under the warm sun.

You find yourself settling into a deep state of relaxation as you walk further down the beach. You feel the sun wrap its warm arms around you, the warmth relaxes all of your muscles. You notice a beach chair as you walk down the beach, once you reach it you take a seat. Laying back in this comfortable chair makes you reflect on everything you have felt, seen and thought at this beach. You drift into a deeper state of relaxation.

Now, feeling relaxed and at peace, you slowly rise from the beach chair and step into the warm sand to walk home. As you walk, you remember how relaxing this beach has been, and you know that you can come back to this place anytime you like. You start to climb the wooden stairs and gradually bring yourself back in to the room. When you are ready you can open your eyes.
