

Relaxing Safe Place Imagery

All visualisations can be strengthened by engaging all of your senses in creating your 'Safe Place'. If you any negative thoughts enter your positive imagery, discard that image and create another one.

VISION HEARING SMELL TASTE TOUCH

Get comfortable in a quiet place where you won't be disturbed. Sit, or lie, comfortably. Take a few minutes to practice some deep breathing, become aware of any tension in your body, and release it with each breath.

Imagine a place where you can feel safe and relaxed. Your safe place can be somewhere you have been on holiday, somewhere you have seen a picture of, or a completely new place you create. Avoid using your home as your safe place.

Look around your safe place, pay attention all the colours and shapes around you. Describe what you see aloud.

Now focus on what you can hear. Listen to the sounds far away from you, and those close to you. Perhaps you hear is silence. You may hear the sound of running water, or the crunch of leaves under your feet.

Now focus on any skin sensations. Notice the feel of the ground beneath your feet, or whatever is supporting you in this place. Pay attention to the temperature and direction of the wind, and anything else you can feel.

Take a deep breath in. Place your hand on your stomach and imagine a balloon inflating in your stomach. Can you notice any smells there? Maybe you can taste the salty sea air as you inhale?

Pay attention to all of these sensations whilst you spend time relaxing in your safe place.

Whilst you're in your safe place, give it a name that you can use to bring that image back at any time.

You can choose to stay for a while, enjoying the calmness and tranquility. You can leave when you are ready by slowly opening your eyes and bringing yourself back to alertness in the present.
